## What is WRO?

**WRO** is an international robotics competition for young people aged between 7 and 19 years old organized in more than 60 countries.

The teams consisting of two to three students along with their coach will develop their skills to conceive, build and program a robot that should solve a mission according to the WRO regulations.

## WRO Categories

### REGULAR CATEGORY

(3 Age groups: Elementary up to 12, Junior from 13 till 15 and Senior from 16 till 19 years old)

*Students must design, construct and program their robots to solve specific challenges on a field.*

### OPEN CATEGORY (Age from 9 till 19 years old)

*Team has access to a 2x2x2 meter booth in which they have to present their research and a robot model in response to the year's challenge.*

## WEDO Competition

*Challenges aimed at younger children up to the age of 10, extending WRO-themed learning and fun even further.*
